DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 4, line 3, the terminology "the circulation quantity" is considered indefinite because it is not clear what applicant mean by this term.

Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 12, line 3, the terminology "the connecting/disconnecting direction is considered indefinite because it is not clear what applicant mean by this term.

Claim 20 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 20, line 3, the terminology "the front/rear direction" is considered indefinite because it is not clear what applicant meaning exactly in terms of the airflow.

Claim 24 recites the limitation "the cooling" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 3744

Claim 26 recites the limitation "the mounting" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

Claims 1-3,5-11,13,19,21-23,25 & 27-29 are allowed over the prior art of record.

Claims 4,12,20,24 & 26 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1-29 have been considered but are moot in view of the new ground(s) of rejection.
